CONVENTION

**BETWEEN THE GOVERNMENT OF THE REPUBLIC OF ARMENIA
AND THE GOVERNMENT OF CANADA
FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION
OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND ON
CAPITAL**

**THE GOVERNMENT OF THE REPUBLIC OF ARMENIA AND THE GOVERNMENT
OF CANADA,**

DESIRING to promote the development of economic, scientific, technical and cultural relations between both States and desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital,

HAVE AGREED as follows:

ARTICLE 1 PERSONS COVERED

This Convention shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2 TAXES COVERED

1. This Convention shall apply to taxes on income and on capital imposed on behalf of each Contracting State, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which the Convention shall apply are, in particular:

(a) in the case of Armenia,

(i) the profit tax,

(ii) the income tax,

(iii) the property tax,

(iv) the land tax

(hereinafter referred to as “Armenian tax”) and;

(b) in the case of Canada, the income and capital taxes imposed by the Government of Canada under the *Income Tax Act* (hereinafter referred to as “Canadian tax”).

4. The Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes.

ARTICLE 3 GENERAL DEFINITIONS

1. For the purposes of this Convention, unless the context otherwise requires:

(a) the terms “a Contracting State” and “the other Contracting State” mean, as the context requires, Armenia or Canada;

(b) the term “Armenia” means the Republic of Armenia, and when used in the geographical sense means the territory, including internal waters over which the Republic of Armenia exercises its sovereign rights and jurisdiction in accordance with internal legislation and international law;

- (c) the term "Canada", used in a geographical sense, means the territory of Canada, including its territorial sea and air space over the land territory and the territorial sea, as well as the exclusive economic zone and the continental shelf beyond that zone, over which Canada exercises, in accordance with international law, its sovereign rights;
- (d) the term "person" includes an individual, a trust, a company, a partnership and any other body of persons;
- (e) the term "company" means any body corporate or any entity which is treated as a body corporate for tax purposes;
- (f) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;
- (g) the term "competent authority" means:
 - (i) in the case of Armenia, the Minister of Finance and Economy and the Minister of State Revenues or their authorized representatives,
 - (ii) in the case of Canada, the Minister of National Revenue or the Minister's authorized representative;
- (h) the term "national" means:
 - (i) any individual possessing the nationality of a Contracting State,
 - (ii) any legal person, partnership or association deriving its status as such from the laws in force in a Contracting State; and
- (i) the term "international traffic" means any voyage of a ship or aircraft operated by an enterprise of a Contracting State to transport passengers or property except where the principal purpose of the voyage is to transport passengers or property between places within the other Contracting State.

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

ARTICLE 4

RESIDENT

- 1. For the purposes of this Convention, the term "resident of a Contracting State" means:
 - (a) any person who, under the laws of that State, is liable to tax therein by reason of the person's domicile, residence, place of management or any other criterion of a similar nature but does not include any person who is liable to tax in that State in respect only of income from sources in that State, and

(b) that State or a political or administrative-territorial subdivision or local authority thereof or any agency or instrumentality of any such State, subdivision or local authority.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then the individual's status shall be determined as follows:

(a) the individual shall be deemed to be a resident only of the State in which the individual has a permanent home available and if the individual has a permanent home available in both States, the individual shall be deemed to be a resident only of the State with which the individual's personal and economic relations are closer (centre of vital interests);

(b) if the State in which the individual's centre of vital interests is situated cannot be determined, or if there is not a permanent home available to the individual in either State, the individual shall be deemed to be a resident only of the State in which the individual has an habitual abode;

(c) if the individual has an habitual abode in both States or in neither of them, the individual shall be deemed to be a resident only of the State of which the individual is a national; and

(d) if the individual is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a company is a resident of both Contracting States, then its status shall be determined as follows:

(a) it shall be deemed to be a resident only of the State in which it is incorporated; or

(b) if it is incorporated in neither of the States, it shall be deemed to be a resident only of the State in which its place of effective management is situated.

4. Where by reason of the provisions of paragraph 1 a person other than an individual or a company is a resident of both Contracting States, the competent authorities of the Contracting States shall by mutual agreement endeavour to settle the question and to determine the mode of application of the Convention to such person. In the absence of such agreement, such person shall not be entitled to claim any relief or exemption from tax provided by the Convention.

ARTICLE 5 PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

- (d) a factory;
- (e) a workshop; and
- (f) a mine, an oil or gas well, a quarry or any other place relating to the exploration for or the exploitation of natural resources.

3. The term "permanent establishment" likewise encompasses:

- (a) a building site, a construction, assembly or installation project or supervisory activities in connection therewith, but only where such site, project or activities continue for a period of more than nine months;
- (b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the country for a period or periods aggregating more than nine months within any 12-month period.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character; or
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of independent status to whom paragraph 7 applies – is acting in a Contracting State on behalf of the enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:

- (a) has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if

exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or

(b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which the person regularly delivers goods or merchandise on behalf of the enterprise.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6 INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. For the purposes of this Convention, the term "immovable property" shall have the meaning which it has for the purposes of the relevant tax law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property and to income from the alienation of such property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7 BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on or has carried on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment and with all other persons.

3. In the determination of the profits of a permanent establishment, there shall be allowed those deductible expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses, whether incurred in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees, or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees, or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

6. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

SHIPPING AND AIR TRANSPORT

1. Profits derived by an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. Notwithstanding the provisions of paragraph 1 and Article 7, profits derived by an enterprise of a Contracting State from a voyage of a ship or aircraft where the principal purpose of the voyage is to transport passengers or property between places in the other Contracting State may be taxed in that other State.

3. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

4. For the purposes of this Article, the term “operation of ships or aircraft in international traffic” by an enterprise, includes:

- (a) the charter or rental of ships or aircraft, and
- (b) the rental of containers and related equipment

by that enterprise if that charter or rental is incidental to the operation by that enterprise of ships or aircraft in international traffic.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations that differ from those that would be made between independent enterprises, then any income that would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, has not so accrued, may be included in the income of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the income of an enterprise of that State – and taxes accordingly – income on which an enterprise of the other Contracting State has been charged to tax in that other State and the income so included is income that would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those that would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on that income. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. A Contracting State shall not change the income of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its domestic laws and, in any case, after five years from the end of the year in which the income that would be subject to such change would, but for the conditions referred to in paragraph 1, have accrued to that enterprise.

4. The provisions of paragraphs 2 and 3 shall not apply in the case of fraud, wilful default or neglect.

ARTICLE 10 DIVIDENDS

1. Dividends paid by a company that is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 25 per cent of the capital of the company paying the dividends and the capital invested by the beneficial owner exceeds US \$100,000 (or its equivalent in the currency of either Contracting State) at the time the dividends are declared;

(b) 15 per cent of the gross amount of the dividends in all other cases.

The provisions of this paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraph 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company that is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

6. Nothing in this Convention shall be construed as preventing a Contracting State from imposing on the earnings of a company attributable to a permanent establishment in that State, or the earnings attributable to the alienation of immovable property situated in that State by a company carrying on a trade in immovable property, a tax in addition to the tax that would be chargeable on the earnings of a company that is a national of that State, except that any additional tax so imposed shall not exceed 5 per cent of the amount of such earnings that have not been subjected to such additional tax in previous taxation years. For the purpose of this provision, the term “earnings” means the earnings attributable to the alienation of such immovable property situated in a Contracting State as may be taxed by that State under the provisions of Article 6 or of paragraph 1 of Article 13, and the profits, including any gains, attributable to a permanent establishment in a Contracting State in a year and previous years, after deducting therefrom all taxes, other than the additional tax referred to herein, imposed on such profits in that State.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2,

(a) interest arising in a Contracting State and paid in respect of indebtedness of that State or of a political or administrative-territorial subdivision or local authority thereof shall, if the interest is beneficially owned by a resident of the other Contracting State, be taxable only in that other State;

(b) interest arising in Armenia and paid to a resident of Canada shall be taxable only in Canada if it is paid in respect of a loan made, guaranteed or insured, or a credit extended, guaranteed or insured by Export Development Canada or by an organisation which is of a similar nature (the competent authorities of the Contracting States, shall by mutual agreement determine whether an organisation is of a similar nature as Export Development Canada); and

(c) interest arising in Canada and paid to a resident of Armenia shall be taxable only in Armenia if it is paid in respect of a loan made, guaranteed or insured, or a credit extended, guaranteed or insured by any organisation established in Armenia after the date of signature of this Convention and which is of a similar nature as Export Development Canada (the competent authorities of the Contracting States shall by mutual agreement determine whether an organisation is of a similar nature as Export Development Canada).

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income which is subjected to the same taxation treatment as income from money lent by the laws of the State in which the income arises. However, the term “interest” does not include income dealt with in Article 10.

5. The provisions of paragraph 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether the payer is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount that would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright, patent, trade mark, design or model, plan, secret formula or process or other intangible property, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience, and includes payments of any kind in respect of motion picture films and works on film, videotape or other means of reproduction for use in connection with television.

4. The provisions of paragraph 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether the payer is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and another person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount that would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 13

Capital gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment that an enterprise of a Contracting State has or had in the other Contracting State or of movable property pertaining to a fixed base that is or was available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or from containers used in, or other movable property pertaining to, the operation of such ships or aircraft shall be taxable only in that State.

4. Gains derived by a resident of a Contracting State from the alienation of:

(a) shares, the value of which is derived principally from immovable property situated in the other State, or

(b) an interest in a partnership or trust, the value of which is derived principally from immovable property situated in that other State,

may be taxed in that other State. For the purposes of this paragraph, the term “immovable property” does not include any property, other than rental property, in which the business of the company, partnership or trust is carried on.

5. Gains from the alienation of any property, other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

6. The provisions of paragraph 5 shall not affect the right of a Contracting State to levy, according to its law, a tax on gains from the alienation of any property derived by an individual who is

a resident of the other Contracting State and has been a resident of the first-mentioned State at any time during the six years immediately preceding the alienation of the property.

7. Where an individual who ceases to be a resident of a Contracting State, and immediately thereafter becomes a resident of the other Contracting State, is treated for the purposes of taxation in the first-mentioned State as having alienated a property and is taxed in that State by reason thereof, the individual may elect to be treated for purposes of taxation in the other State as if the individual had, immediately before becoming a resident of that State, sold and repurchased the property for an amount equal to its fair market value at that time.

ARTICLE 14 INDEPENDENT PERSONAL SERVICES

1. Income derived by an individual who is a resident of a Contracting State in respect of professional or similar services of an independent character shall be taxable only in that State unless the individual has a fixed base regularly available in the other Contracting State for the purpose of performing the services. If the individual has or had such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

ARTICLE 15 DEPENDENT PERSONAL SERVICES

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

- (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the calendar year concerned, and
- (b) the remuneration is paid by, or on behalf of, a person who is not a resident of the other State, and
- (c) the remuneration is not borne by a permanent establishment or a fixed base that the person has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State shall be taxable only in that State unless the remuneration is derived by a resident of the other Contracting State.

ARTICLE 16

DIRECTORS' FEES

Directors' fees and other similar payments derived by a resident of a Contracting State in the capacity as a member of the board of directors or a similar organ of a company which is a resident of the other Contracting State may be taxed in that other State.

ARTICLE 17

ARTISTES AND SPORTSPERSONS

1. Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from that resident's personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that individual's capacity as such accrues not to the entertainer or sportsperson personally but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

3. The provisions of paragraph 2 shall not apply if it is established that neither the entertainer nor the sportsperson nor persons related thereto participate directly or indirectly in the profits of the person referred to in that paragraph.

4. Notwithstanding the provisions of paragraphs 1 and 2, income derived by an entertainer or a sportsperson from the activities referred to in paragraph 1, performed within the framework of cultural or sport exchanges agreed to by the Governments of the Contracting States and carried out other than for the purpose of profit, shall be exempt from tax in the Contracting State in which these activities are exercised.

ARTICLE 18

PENSIONS

1. Pensions arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. Pensions arising in a Contracting State and paid to a resident of the other Contracting State may also be taxed in the State in which they arise and according to the laws of that State. However, in the case of periodic pension payments, other than payments under the social security legislation in a Contracting State, the tax so charged shall not exceed the lesser of:

- (a) 15 per cent of the gross amount of the payment; and
- (b) the rate determined by reference to the amount of tax that the recipient of the payment would otherwise be required to pay for the year on the total amount of the periodic pension payments received

by the individual in the year, if the individual were resident in the Contracting State in which the payment arises.

3. Notwithstanding anything in this Convention,

- (a) war pensions and allowances (including pensions and allowances paid to war veterans or paid as a consequence of damages or injuries suffered as a consequence of a war) arising in a Contracting State and paid to a resident of the other Contracting State shall be exempt from tax in that other State to the extent that they would be exempt from tax if received by a resident of the first-mentioned State;
- (b) benefits under the social security legislation in a Contracting State paid to a resident of the other Contracting State shall be taxable only in the first-mentioned State; and
- (c) alimony and other similar payments arising in a Contracting State and paid to a resident of the other Contracting State who is subject to tax therein in respect thereof shall be taxable only in that other State, but the amount taxable in that other State shall not exceed the amount that would be taxable in the first-mentioned state if the recipient were a resident thereof.

ARTICLE 19 GOVERNMENT SERVICE

1.

- (a) Salaries, wages and other similar remuneration, other than a pension, paid by a Contracting State or a political or administrative-territorial subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.
- (b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:

- (i) is a national of that State, or

- (ii) did not become a resident of that State solely for the purpose of rendering the services.

2. The provisions of paragraph 1 shall not apply to salaries, wages and other similar remuneration in respect of services rendered in connection with a business carried on by a Contracting State or a political or administrative-territorial subdivision or a local authority thereof.

ARTICLE 20 STUDENTS

Payments which a student or business apprentice who is, or was immediately before visiting a Contracting State, a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of that individual's education or training receives for the purpose of that individual's maintenance, education or training shall not be taxed in that State, if such payments arise from sources outside that State.

ARTICLE 21 OTHER INCOME

1. Subject to the provisions of paragraph 2, items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

2. However, if such income is derived by a resident of a Contracting State from sources in the other Contracting State, such income may also be taxed in the State in which it arises and according to the law of that State. Where such income is income from a trust, other than a trust to which contributions were deductible, the tax so charged shall, if the income is taxable in the Contracting State in which the beneficial owner is a resident, not exceed 15 per cent of the gross amount of the income.

ARTICLE 22 CAPITAL

1. Capital represented by immovable property owned by a resident of a Contracting State and situated in the other Contracting State may be taxed in that other State.

2. Capital represented by movable property forming part of the business property of a permanent establishment that an enterprise of a Contracting State has in the other Contracting State, or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.

3. Capital represented by ships and aircraft operated by an enterprise of a Contracting State in international traffic and by movable property pertaining to the operation of such ships and aircraft shall be taxable only in that State.

4. All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

ARTICLE 23 ELIMINATION OF DOUBLE TAXATION

1. In the case of Armenia, double taxation shall be avoided as follows:

(a) where a resident of Armenia derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Canada, Armenia shall allow:

(i) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Canada,

(ii) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in Canada.

Such deduction in either case shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as case may be, to the income or the capital which may be taxed in Canada.

(b) subject to the existing provisions of the law of Armenia regarding the allowance as a credit against Armenian tax of tax payable in a territory outside Armenia and to any subsequent modification of those provisions – which shall not affect the general principle hereof – where a company which is a resident of Canada pays a dividend to a company which is a resident of Armenia and which holds directly or indirectly at least 10 per cent of the capital in the first-mentioned company, the credit shall take into account the tax payable in Canada by that first-mentioned company in respect of the profits out of which such dividend is paid; and

(c) where in accordance with any provision of this Convention, income derived or capital owned by a resident of Armenia is exempt from tax in Armenia, Armenia may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

2. In the case of Canada, double taxation shall be avoided as follows:

(a) subject to the existing provisions of the law of Canada regarding the deduction from tax payable in Canada of tax paid in a territory outside Canada and to any subsequent modification of those provisions – which shall not affect the general principle hereof – and unless a greater deduction or relief is provided under the laws of Canada, tax payable in Armenia on profits, income or gains arising in Armenia shall be deducted from any Canadian tax payable in respect of such profits, income or gains;

(b) subject to the existing provisions of the law of Canada regarding the allowance as a credit against Canadian tax of tax payable in a territory outside Canada and to any subsequent modification of those provisions – which shall not affect the general principle hereof – where a company which is a resident of Armenia pays a dividend to a company which is a resident of Canada and which controls directly or indirectly at least 10 per cent of the voting power in the first-mentioned company, the credit shall take into account the tax payable in Armenia by that first-mentioned company in respect of the profits out of which dividend is paid; and

(c) where, in accordance with any provision of the Convention, income derived or capital owned by a resident of Canada is exempt from tax in Canada, Canada may nevertheless, in calculating the amount of tax on other income or capital, take into account the exempted income or capital.

3. For the purposes of this Article, profits, income or gains of a resident of a Contracting State that may be taxed in the other Contracting State in accordance with this Convention shall be deemed to arise from sources in that other State.

ARTICLE 24

NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith that is more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances are or may be subjected to.

3. The taxation on a permanent establishment that an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

4. Nothing in this Article shall be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities that it grants to its own residents.

5. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

6. The provisions of paragraph 5 shall not affect the operation of any provision of the taxation laws of a Contracting State:

(a) relating to the deductibility of interest and which is in force on the date of signature of this Convention (including any subsequent modification of such provisions that does not change the general nature thereof); or

(b) adopted after such date by a Contracting State and which is designed to ensure that a person who is not a resident of that State does not enjoy, under the laws of that State, a tax treatment that is more favorable than that enjoyed by residents of that State.

7. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith that is more burdensome than the taxation and connected requirements to which other similar enterprises that are residents of the first-mentioned State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of a third State, are or may be subjected.

8. In this Article, the term “taxation” means taxes that are the subject of this Convention.

ARTICLE 25

MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Convention, that person may, irrespective of the remedies provided by the domestic law of those States, address to the

competent authority of the Contracting State of which that person is a resident an application in writing stating the grounds for claiming the revision of such taxation. To be admissible, the said application must be submitted within two years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority referred to in paragraph 1 shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with the Convention. Any agreement reached within six years from the end of the taxable period in which the taxation not in accordance with the provisions of the Convention arose, shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. A Contracting State shall not, after the expiry of the time limits provided in its domestic laws and, in any case, after five years from the end of the taxable period to which the income concerned was attributed, increase the tax base of a resident of either of the Contracting States by including therein items of income that have also been charged to tax in the other Contracting State. This paragraph shall not apply in the case of fraud, wilful default or neglect.

4. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.

5. The competent authorities of the Contracting States may consult together for the elimination of double taxation in cases not provided for in the Convention and may communicate with each other directly for the purpose of applying the Convention.

ARTICLE 26

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is relevant for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by this Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement in respect of, or the determination of appeals in relation to taxes imposed in that State. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of the paragraph 1 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information that is not obtainable under the laws or the normal course of the administration of that or of the other Contracting State; or

(c) to supply information that would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

3. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall endeavour to obtain the information to which the request relates in the same way as if its own taxation were involved, even though the other State does not, at that time, need such information. If specifically requested by the competent authority of a Contracting State, the competent authority of the other Contracting State shall endeavour to provide information under this Article in the form requested, such as depositions of witnesses and copies of unedited original documents (including books, papers, statements, records, accounts or writings), to the same extent such depositions and documents can be obtained under the laws and administrative practices of that other State with respect to its own taxes.

ARTICLE 27

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

2. Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State that is situated in the other Contracting State or in third State shall be deemed for the purposes of the Convention to be a resident of the sending State if that individual is liable in the sending State to the same obligations in relation to tax on total income as are residents of that sending State.

3. The Convention shall not apply to international organizations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State or group of States, being present in a Contracting State and who are not liable in either Contracting State to the same obligations in relation to tax on their total income as are residents thereof.

ARTICLE 28

MISCELLANEOUS RULES

1. The provisions of this Convention shall not be construed to restrict in any manner any exemption, allowance, credit or other deduction accorded by the laws of a Contracting State in the determination of the tax imposed by that State.

2. Nothing in the Convention shall be construed as preventing a Contracting State from imposing a tax on amounts included in the income of a resident of that State with respect to a partnership, trust, or controlled foreign affiliate, in which that resident has an interest.

3. The Convention shall not apply to any company (nor to income derived from such company by a shareholder thereof), trust or other entity that is a resident of a Contracting State and is

beneficially owned or controlled, directly or indirectly, by one or more persons who are not residents of that State, if the amount of the tax imposed on the income or capital of the company, trust or other entity by that State is substantially lower than the amount that would be imposed by that State if all of the shares of the capital stock of the company or all of the interests in the trust or other entity, as the case may be, were beneficially owned by one or more individuals who were residents of that State.

4. For the purposes of paragraph 3 of Article XXII (Consultation) of the General Agreement on Trade in Services, the Contracting States agree that, notwithstanding that paragraph, any dispute between them as to whether a measure falls within the scope of the Convention may be brought before the Council for Trade in Services, as provided by that paragraph, only with the consent of both Contracting States. Any doubt as to the interpretation of this paragraph shall be resolved under paragraph 4 of Article 25 or, failing agreement under that procedure, pursuant to any other procedure agreed to by both Contracting States.

5. Where under any provision of the Convention any income is relieved from tax in a Contracting State and, under the law in force in the other Contracting State a person, in respect of that income, is subject to tax by reference to the amount thereof that is remitted to or received in that other Contracting State and not by reference to the full amount thereof, then the relief to be allowed under the Convention in the first-mentioned Contracting State shall apply only to so much of the income as is taxed in the other Contracting State.

ARTICLE 29 ENTRY INTO FORCE

This Convention shall enter into force upon the exchange of diplomatic notes indicating that all internal legal procedures have been complied with and its provisions shall apply:

- (a) in respect of tax withheld at the source on amounts paid or credited to non-residents on or after the first day of January in the calendar year next following that in which the Convention enters into force; and
- (b) in respect of other taxes, for taxation years beginning on or after the first day of January in the calendar year next following that in which the Convention enters into force.

ARTICLE 30 TERMINATION

This Convention shall continue in effect indefinitely but either Contracting State may, on or before June 30 of any calendar year beginning after the fifth year from the date of the entry into force of the Convention, give to the other Contracting State a notice of termination in writing through diplomatic channels. In such event, the Convention shall cease to have effect:

- (a) in respect of tax withheld at the source on amounts paid or credited to non-residents, after the end of that calendar year, and
- (b) in respect of other taxes, for taxation years beginning after the end of that calendar year.

IN WITNESS WHEREOF the undersigned, duly authorized to that effect, have signed this Convention.
